

Configure Good Receipt Routing

1- Go to “Company Settings”

2- Click on “Notifications”

3- Click on “Network” Tab

4- Under “Receipt” section, tick the box & enter up to 5 emails addresses followed by a comma. These email addresses will receive a notification when orders are received within your AN Account.

5- Click on “Save”

Receipt

Type	Send notifications when...	To email addresses (one required)
Receipt	4 ☒ Send a notification when a new receipt is received.	*
